

Pavillion Medical Ltd

Field Based Commission Agent

Salary: Commission Based

Pavillion Medical design and build specialist medical bed frames and accessories. Providing equipment for some of the most demanding medical applications has strengthened our reputation for innovation and meeting the needs of carers and patients. With exciting new bed frames about to be launched Pavillion Medical is poised to grow the business and is looking for an experienced medical sales professional to contribute to the growth and progress within the organisation.

The Role:

As a self employed sales agent you will have a successful track record in medical product sales, you will be a self starter able to identify and build business relationships and generate incremental business while identifying new opportunities. You will have a positive outlook currently calling on the Healthcare market and be able to plan and structure your work to maximise business.

In return you can expect to receive a generous commission which is paid on results and open ended therefore directly linked to your own efforts. You will be part of a team that will provide you with all the support you need to succeed and is dedicated to meeting your ambitions.
